

CANDLES FOR CARE

Throughout the centuries candles have been used to light the darkness, create a space for reflection and share a message of love.

Our aim is to light one virtual candle to represent each of the 31,000 Queenslanders who die each year, not only in memoriam but also in thanks to those who helped them and their loved ones.

Donate and light virtual candles in honour of your loved ones who have passed or are experiencing serious illness, or to show your support for palliative care

Donations \$2 and over are tax deductible

Every **Candle For Care** lit up will help the charity Palliative Care Queensland to support all Queenslanders to live, die and grieve well
