

Palliative Care Queensland
INCLUSIVITY STATEMENT

We are inclusive.

We celebrate and promote all communities. We value the experiences of people of every faith, ethnicity, age, culture, language, ability, sex, gender identity, and sexual orientation.

We believe diversity drives innovation and connects us closer to our members, our clients and our community.

We're building a culture where difference is valued and embraced.

We take a holistic approach.

When we say palliative care is everybody's business, we mean everybody.
